CARTE POSTALE. POSTKARTE.

By Appointment.

The Square is one of the most charming portions of the fashionable watering-place of Biarritz, and being pleasantly laid out with walks and trees, is a very popular promenade of the town. From it access can be obtained, by means of a light bridge, to the Rock of the Virgin, an isolated mass which is surmounted by a statue of the Virgin Mary. From the summit of this rock is to be seen a magnificent panorama of the town and coast line.
